
Where to Rent a BYD Car in Dubai

The increasing demand for [best deals on BYD car rentals in Dubai](#) has led many premium and budget car rental companies to include BYD models in their fleets. If you're looking to rent a BYD car in Dubai, here are some popular and trusted providers:

eZhire Car Rental

An app-based rental service offering seamless booking and delivery. Select your BYD Atto 3, schedule delivery to your location, and hit the road.

SelfDrive.ae

Known for long-term EV leasing, SelfDrive provides affordable packages with maintenance and insurance included.

Amex Cars

Specializing in EV and hybrid rentals, Amex Cars offers a range of BYD models, including the Atto 3, with flexible rates and VIP services.

Local Dealership Rentals

Some BYD showrooms in Dubai offer short-term leasing or extended test-drive programs for customers interested in exploring the Atto 3 before making a purchase.

Rental Rates: What to Expect for a BYD Atto 3 Hire in Dubai

Pricing will vary based on duration, season, and provider, but here is a general guide to what you can expect:

Rental Duration	Approximate Rate (AED)
Daily	250 – 350 AED
Weekly	1,500 – 2,200 AED
Monthly	4,000 – 5,000 AED

Most packages include basic insurance and maintenance, while optional extras like GPS navigation, additional drivers, and delivery services may incur additional charges.

How to Rent a BYD Car in Dubai: A Quick Guide

Step 1: Choose Your Rental Platform

Whether it's an app-based provider like eZhire or a traditional car rental company, browse for BYD listings, especially the Atto 3.

Step 2: Upload Documents

You'll typically need a valid driving license, Emirates ID (or passport with visa stamp), and a credit card.

Step 3: Book & Pay

Secure your booking via the platform or agency. Choose any add-ons you may require, such as insurance upgrades or child seats.

Step 4: Pick-up or Delivery

Some services allow you to pick up the car from the agency, while others offer door-to-door delivery across Dubai.

Step 5: Start Driving

Once your BYD Atto 3 is delivered or picked up, you'll get a quick tutorial on its features—then you're free to drive sustainably through Dubai.

Where to Charge Your BYD in Dubai

One of the best perks of driving electric in Dubai is the robust and expanding charging infrastructure. DEWA (Dubai Electricity and Water Authority) has set up a comprehensive Green Charger Network across the city.

Popular Charging Locations:

- **Dubai Mall**
- **Mall of the Emirates**

- **City Walk**
- **Dubai Marina**
- **Business Bay**
- **DXB Airport Terminal Parking**
- **Residential Areas like Jumeirah, Al Barsha, and Downtown**

Use the **DEWA Smart App** or **PlugShare** to find real-time charging station availability.

Who Should Consider BYD Atto 3 Rental in Dubai?

The BYD Atto 3 isn't just a smart car—it's a smart choice for a wide range of travelers and residents.
